DIVULGENCES IN JAPAN

How a Japanese Company in Honolulu
Resented the Minister's Interference.

Threatened to Show Weak Points to Hawaiian
Government—Advice from United
States to Pay Indemnity.

Some rather interesting divul-
gences are made in the Japanese
Jiji, quoted by the Japan Gazette
in English, on the Hawaiian
trouble. The article is here re-
printed:

"No progress has been made in
the negotiations about the emi-
grant affair owing to the fact that
Hawaii sticks invariably to the
policy of procrastination in the
hope of transferring the responsi-
bility of paying the compensation
to the United States by effecting
the proposed annexation. At this
juncture another difficulty has
sprung up. A certain emigra-
tion company in Hono-
lulu has unlawfully appro-
priated the deposit money of
the emigrants and Minister Shi-
mamura attempted to bring the
matter before a tribunal. The
company greatly astonished at
the attitude of the Minister threat-
ened to disclose all the weak
points of Japan in the negotia-
tions at issue should the Minister
persist in carrying out his plan to
the bitter end. Under these cir-
cumstances the new trouble is at
present in a state of suspense.

"While matters stand in this
way in Hawaii the rela-
tions of Japan with the United
States have become more
friendly and the latter is
inclined to advise the Hawaiian
Government to pay the indemnity
at once to Japan if it really de-
sires the annexation of Hawaii to
the United States. Before long
an instruction to that effect will
be dispatched to the U. S. Minis-
ter in Honolulu. In fact, the
Hawaiian Government may be
induced to accept the proposal of
the United States and pay the in-
demnity, as a pretty heavy ex-
pense will be incurred in leaving
the dispute to arbitration. Should
this turn out to be a fact the Ha-
waiian affair will be settled earlier
than is expected."

The statement from the Jap-
anese paper quoted above, to the
effect that Minister Shimamura
had locked horns with an emigra-
tion company, as a result of which
the latter threatened to expose
certain matters in connection with
the diplomat's foreign policy, is
vigorously denied at the Japanese
Legation. It is stated by officials
of the Imperial Government that
the relations between the Lega-
tion and the emigration compa-
nies have always been cordial,
and that there was never a disrup-
tion of any consequence.

Dr. Hyde Returns Today.

Dr. C. M. Hyde and wife return-
ed by the Gaelic from an exten-
sive tour in Japan. They are in
excellent health and have enjoyed
their trip immensely. All points
of interest were visited and Dr.
Hyde has accumulated a vast deal
of information on the rising em-
pire of the far east.

THE MURDER TRIAL STILL ON

Judge Stanley Grants His First Decree
of Divorce.

Thomas Rain Walker's Resignation as Admin-
istrator of the Hutton Estate—
Other Court Matters.

The murder case still drags
along in Judge Perry's Court.
It will be continued this afternoon
and possibly this evening.

Judge Stanley this morning
granted a decree of divorce in the
libel of E. N. Wallace vs. Sam
Wallace on the default of the de-
fendant and proof of failure to
provide and offer statutory
reasons.

In the matter of the estate of
E. Hutton, deceased, the executor
Thomas Rain Walker files an in-
ventory showing personal prop-
erty of said estate amounting to
about \$3000. The executor also
files his first account, showing re-
ceipts to November 1 of \$261 and
disbursements \$75.90. He also
asks leave of the Court to resign
his trust as he is about to leave
the jurisdiction of the Court and
petition that E. W. Barnard be
appointed in his place.

In the equity suit of F. L.
Dortch vs. A. V. Gear a demurrer
has been filed by defendant, set-
ting forth fourteen separate and
distinct grounds of demurr to the
complaint. A. S. Humphreys and
George D. Gear are attorneys for
defendant.

THE EWA TROUBLE SETTLED.

Castle & Cooke Assume Responsibility
and Will Satisfy All Concerned.

The various issues growing out
of the labor strike at Ewa last
Wednesday afternoon have been
amicably adjusted between
Messrs. Castle & Cooke, the
management at the plantation and
the Japanese Minister, for the
laborers. Mr. Shimamura took
the statements of the Japanese
and then heard what the planta-
tion people had to say. A conclu-
sion was reached which was sat-
isfactory to all concerned.

19 last at Callao, and was arrested be-

SHARPSHOOTERS' BUSINESS

They Pass Resolutions on Death of
Private John Grace.

Deceased Was the Life of the Company and
a General Favorite With the Officers
and Men.

The Sharpshooters held their
regular monthly meeting last
evening and transacted consid-
erable routine business. A. M.
Walcott and Henry Giles were
elected to membership.

Lieutenants McLean and Cassi-
dy were requested to make ar-
rangements for the annual shoot
for a dinner, which will take
place on the second or third
Saturday in December. The din-
ner will come off on the night of
the shoot. It is purposed to
divide the entire company be-
tween the two sides.

A resolution of condolence on
the death of John Grace was
offered by Mr. Emerson and un-
animously adopted. It was as
follows:

Resolved: That in the death of
John Grace, the First Company
of Sharpshooters of Hawaii, of
which he was a staunch and
worthy member, has suffered a
loss much to be lamented. As a
member of the Company and as a
citizen, he was ever alert and
ready to respond to the call of
duty, and to do his share in the
support of order and good govern-
ment. His relations with every
member of the Company were
ever most friendly and cordial,
and in his death the members of
the Company feel that they have
lost a good a man and brave
comrade.

Resolved: That the members of
the Company express their heart-
felt sympathy with his family in
their sudden bereavement.

Resolved: That these resolu-
tions be spread on the minutes
and that an engrossed copy be
transmitted to his family.

Constitution and Land Policy.

President Dole has two articles
in the Annual for 1898 which are
destined to be generally read here
and abroad. In the first he treats
the Hawaiian Constitution, and
the second recites at some length
the land policy of the Government.
The second article will prove of
substantial interest to intending
settlers in this country and per-
sons abroad who desire to know
more of the Islands' possibilities.

The Gleaners Doll Sale.

Last year the Gleaners society
originated the idea of dressing
dolls and selling them a few weeks
before Christmas. The sale was
a success, the demand being
greater than the supply. This
year a larger number of dolls has
been secured and will be offered
for sale on Friday the 10th of
December. They are of various
sizes, and much prettier than
those of last year.

MINISTER MASANA MAEDA

Head of the Japanese Agricultural and
Commercial Department.

An Intimate Acquaintance of the Cashier
of the Yokohama Specie Bank
in This City.

Among the news brought by the
Alameda on Thursday the ap-
pointment of Mr. M. Maeda to the
portfolio of the Minister of Agri-
culture and Commerce has given
universal satisfaction to all the
resident Japanese, especially to
Mr. Ueta of the Yokohama specie
bank, who is very intimate with
the new minister. Mr. Ueta is
overjoyed at the news both for
the sake of Mr. Maeda personally
and for Japan.

Mr. Maeda was once Consul in
France and on his return to Japan
was appointed chief of a bureau
in the Agricultural and Commer-
cial Department and was soon
afterward promoted to be Vice-
minister. He, however, resigned
his position after a time and has
since devoted his entire time and
untiring zeal to the encourage-
ment of agriculture, commerce and
industry for the past several
years, for which purpose he con-
stantly travelled to nearly all the
principal cities and towns of Japan
and gave lectures and advice and
organized trade, agricultural and
industrial associations. Indeed,
he is so zealous that at one time
while lecturing he fainted from
exhaustion. Now his name is so
well known all over the country as
to be a key word for patriotic,
energetic and untiring zeal for
the promotion of commerce, agri-
culture, etc.

He is now a member of the
House of Lords and is on his way
home from Europe, whither he
went via America last year to in-
spect the conditions of commerce
and manufactures.

With such a zealous and en-
ergetic Minister the industry and
commerce of Japan must surely
prosper. His travels in America and
Europe must have imported to his
already rich brain a further and
practical knowledge relating to
commerce and manufactures which
he will utilize to the advantage of
his country. As Mr. Ueta is
shortly to leave for Japan he
hopes to congratulate Mr. Maeda
personally. One of the Japanese
newspapers have once called Mr.
Jos. Marden the Mr. Maeda of
Hawaii, seeing the former's eager
endeavors to promote Hawaiian
agriculture.

Shimamura Hears From Japan.

Japanese Minister Shimamura
received a big letter by the Gaelic
from his government, but declin-
ed this morning to divulge any
particulars concerning the dis-
patches therein contained. It is
known, however, that the letter
refers directly to the immigration
matter, and it is believed to be the
final decision of Japan on the
minor amendments proposed to
the last protocol of the Minister
Resident.
